Helen Leonard, Co-Executive Director of Wheel Serve NC, has been an active tennis volunteer with wheelchair tennis programming in Charlotte, NC for over a decade. In 2019, together with Kelly Flouhouse, Wheel Serve NC was created. As the first Community Tennis Association for wheelchair tennis players in our nation, Wheel Serve NC's mission is to grow and support wheelchair tennis in NC. Wheel Serve NC currently has six programs throughout our state. Program locations include Charlotte, Cary, Asheville, Wilmington, Piedmont and Sandhills.

Wheel Serve NC is focused solely on exposing athletes with a physical disability to the sport of tennis. We continue to create opportunities for wheelchair tennis players to play and compete across the state whether at a recreational or competitive level. Helen enjoys sharing her love of tennis with wheelchair tennis players as well as linking these players and programs with the able bodied tennis players in their community.
