

Allison Steinmetz

COORDINATOR OF ADULT PLAY

Allison was born and raised in Connecticut and found her love for tennis at a young age when her dad and grandfather took her to the courts. She continued to play through high school and finished her high school career as team captain and a North Central Connecticut Conference Champion. Allison went on to the University of Connecticut where she earned a B.S. in Marine Science and, later, moved to Mississippi to become a marine biologist. While working full time, she furthered her education and earned a Fundamentals of Business Graduate Certificate from the University of Southern Mississippi, joined as many Adult tennis leagues as she could fit into her schedule, and taught tennis at the local courts as a part-time job. The tennis community in southern Mississippi became Allison's family in an area far from home - this is when she knew she wanted to be surrounded by tennis and it's community full-time! Allison now resides in High Point, North Carolina and, in September 2021, Allison joined the USTA North Carolina team as the Coordinator of Adult Play. She is very excited to be a part of the team and looks forward to meeting tennis community members throughout the state
